Dear Sir or Madam:

I recently had the pleasure of being recruited by Forrer & Associates, and would like to take this opportunity to recommend them and their service.

In today's job market, it is often not enough to be highly qualified and capable; sometimes it requires a completely separate expertise to find exactly the right position, and Forrer & Associates provided that expertise for me. By being sensitive to my professional goals and personal needs, they helped to match me with the right company and the position I was looking for. They also assisted me with interview preparation and follow-up, answered my questions, listened and responded to my concerns, and negotiated a compensation package. Overall, I was most impressed by the exhibition of professional service with a genuine care for the individual candidate.

I would recommend Forrer & Associates to any of my fellow professionals in the financial services field, especially those who desire to excel by finding the right position that meets their personal and professional goals and needs.

Sincerely,

Dear Sonja,

Thank you for assisting me with my job search. My new position fits so perfectly with my profession goals. I appreciate your low key, no pressure approach. I have worked with other recruiters who encouraged me to go on interviews that we not close enough to my criteria. I felt like you were interested in helping me find a great job not just closing a deal. You truly went the extra mile when you helped negotiate my position while you were on vacation.

I also appreciate the professionalism of your staff. Crystal always kept me updated on the process and returned calls and emails promptly. The interview preparation materials were very helpful. I especially liked the interview agenda information sheet.

It will be my pleasure to recommend you to my friends and colleagues. And I look forward to working with you to fill the Senior Tax Accountant position at my new company.

I wish you continued success in all that you do.

Sincerely,

Debbie Hall

Tiffany,

Thank you so much for all of your help during my job search. Not only is your entire search firm exceptional, you are in my opinion the best agent there. The small scale approach of Forrer sets it apart from the giant, impersonal job search firms. Forrer is not just concerned with finding jobs for their candidates; they ensure that the position is a great fit for both the candidate and the company.

When I first started looking for a job again, I contacted both Forrer & Associates and a giant job placement firm who will remain nameless. I explained what I was looking for in a career and my salary expectations to both parties. Forrer presented me with opportunities that were a fit for what I wanted, while the giant firm only seemed concerned with getting their commission out of my job search. The large firm constantly presented me with opportunities that were in the same nature of business I was trying to distance myself from and well under my salary expectations. Forrer and most importantly Tiffany, worked with me to tailor my past experience into the type of career I wanted to pursue and ultimately helped me land the job that I wanted.

I remain extremely grateful to you and your company. You will be the first person I call the next time I am looking to change careers and I will definitely refer everyone in my professional network to you. Thanks again.

Sincerely,

Matthew Ritter

Dear Sonja Forrer

Thank you so much for setting up the job interview that has led to what I consider a dream job offer. I am so excited about the position and the endless opportunities it brings to my career.

It was a pleasure working with you and your team. I've worked with other recruiters in the past, and your team is by far the most professional and responsive. What differentiated your team from other recruiters was the time you spent to hold mock interviews with me and your candid feedback on them. You were very flexible with my work schedule and willing to help me get prepared during evenings after business hours as well as on the weekends which was greatly appreciated.

Your team also encouraged me to go back through my prior working papers and refresh my memory of all of the areas/tasks that was assigned to me so that I was able to confidently talk in detail about my work experience. No other recruiter gave me this insight and I strongly believe that this set me apart from other candidates during the interview process. The company seemed to be very impressed by my ability to talk in great detail about my work experience.

Due to the fact that you are a CPA and have worked in public accounting, I noticed that you had the capacity and competence to understand me and my career goals a lot better than other recruiters. The experience that I had with your team is a testimony to that. I will absolutely recommend you to the accounting and finance professionals in my network, and you will be my first call when I begin hiring my own staff.

Thanks again for everything!
